

LY DRINKS  
OTION IN CAFE

RESPONDENCE.]

Santa Monica Jail she said her name is Mary Poland and that she had been caused her to take the police which she admits was not with intent.

Habitués of the cafe say that have noticed the woman on many for three weeks. The letters are usually set by herself and obtain a table from which she obtains the entertainers. Some said she seemed interested in one of the entertainers, but she would not admit this.

The woman is supposed to be of wealthy people and is said to have declared that she has an apartment at Cripple Creek, Colo., and gave her address as Hotel Elmer, Ocean Park, and say to an apartment which was found not with intent.

The little boy is reported to be seriously ill. The letters are being the police by refusing to all they know of the case, evidence of harm will come in the Spicer.

TRAP FOR SPEEDERS.  
[LOCAL CORRESPONDENCE.]

VENICE, July 22.—A demonstration of the efficacy of a trap for speeders was made today by P. J. Swenson, inventor of the device. State, county and city officials were invited to attend. Capt. Dev of the county traffic department was present, as were motorcycle clubs of the bay cities. The test was by running an auto through the trap, setting the time from the beginning to the center of the trap and taking it at the end of the trap.

[BY A. P. NIGHT WIRE.]  
**NEW YORK, July 24.**—Alaskan sales to the United States in the fiscal year aggregated \$50,000,000.

The chief feature of the year, according to an analysis today by the Bureau of Foreign and Domestic Commerce, was the rise of copper to first place among Alaska's exports, displacing salmon and gold. Copper exports...

1990 pounds, valued at \$26,500. This is four times the average of the three preceding years, and exceeds the combined copper imports of the United States from Cuba, Canada and Mexico, the leading foreign sources of supply.

Salmon exports amounted to \$16,000,000 pounds, valued at \$1,123,000. Gold shipped to the United States amounted to \$16,200,000, or \$1,000,000 more than the total for 1915.

ART COLLECTOR  
PASSES BEYOND.Illness of Year is Cause of  
Pasadena's Death.Report from Mexico Relates  
Ranch is Seized.High School Boy Disappears  
Saturday Afternoon.

PARADISE, July 25.—After an illness extending over more than a year, A. C. Vroman, a prominent business man and art collector, died yesterday at the home of his friend, G. F. Howell, of No. 35 Morada place, Altadena, where he has been several weeks in the hopes that he might be benefited.

Mr. Vroman was born in La Salle, Ill., on April 15, 1858. After the death of his wife in 1893 he came to Pasadena and established himself in business in 1894. Interested in art and literature, it was in this line of business that he was engaged till his death.

He had made a deep study of the American Indian, especially those of Arizona and New Mexico. Many of his most valuable art treasures were found among the Indians of that part of the country. He was a great collector of Japanese carvings in ivory and wood—his ivories especially being considered among the best obtainable. He was fond of books and reading and several years ago wrote an illustrated edition of Helen Hunt Jackson's "Ramona". The funeral services, which will be held Wednesday, will be private. Dr. E. McKinnick will officiate, and the body will be cremated. Besides his mother, Mrs. C. C. Conley of Los Angeles, he leaves the following sisters: Mrs. Anna Smith, Gladys Orlin, Frances Tait of Los Angeles, Louisa Ayres of Pasadena and Clara Crawford of Shoreland, Wis.

RANCH SEIZED.  
A report that the Quimich ranch, where Mexican bandits killed W. Windham, a Pasadena citizen, last winter, had been seized by the district government was received here yesterday by various Pasadena stockholders of the company owning the property.

AUTOMOBILE TRANSFIXED  
BY SCANTLING AT BEACH.

SAN BEACH, July 24.—Death rode close to Harry Lewis, 25 years old, a mechanic employed at a local garage, when he ran his automobile, containing another man and two young girls, through the fence on the Long Beach boulevard at 2 o'clock this morning.

A big 2x4 scantling, part of the fence broken up by the speeding machine, passed clear through the radiator of the automobile and pinned Lewis in the seat so tight that it took the efforts of three men to dislodge the timber and free the driver, whose escape from death was marvelous. Had the post struck its victim just a few inches to the right, the machine would have

SEVEN INJURED AND TEN OTHERS ARE IMPERILED.

SANTA ANA, July 24.—Seven persons were injured and the lives of ten others were imperiled in a series of automobile accidents that have occurred in this vicinity in the last twenty-four hours. None of the injuries is fatal.

Automobiles driven by R. W. Jones, a fruit grower of El Modena, and William Butterman, teacher in Carmel, just south of Orange, crashed together on West Chapman street, Orange. Mrs. Jones and Herman Post, who were thrown from Jones' machine, were taken to the Santa Ana Hospital for treatment of bruises and cuts.

Rev. H. Hoelzer of San Francisco and Rev. J. G. Threlke of Oakland, who have been attending the German Lutheran synod at Orange, were hurled from Butterman's car. Both ministers were unconscious for a time, but escaped serious injury. W. M. Mulligan and Miss Cecily Hahn, both of Orange, who were in Jones' machine, were not injured in the crash.

Late last night a machine in which I. D. Siken and A. G. Norden, both of Orange, were riding turned over

twice and landed in a ditch on South Main street, three miles south of Santa Ana. Blinded by the lights of an approaching automobile, Siken drove into the ditch. Fortunately he was almost upon it. Trying to avoid hitting the wagon, Siken turned too short. Both men were thrown out of the machine. Siken's back was badly wrenched.

While riding a bicycle, Carl Raymond, aged 17, of Orange, heaved the side of a truck driven by A. R. Toubert of Orange. He lost his hold and fell. Fortunately the truck crushed the boy's right foot, which may have to be amputated.

When an automobile driven by Mrs. L. Bryant, No. 1115 Westlake, Los Angeles, ran into a wagon driven by Grover Stroud, on the State Highway at Irvine, Stroud started to turn off the highway and the automobile was unable to prevent Port's truck. Fortunately the machine did not turn over though it was badly damaged.

INDIAN POPULATION  
CEASES TO VANISH.

RIVERSIDE, July 24.—"The Indian is no longer a vanishing race," said Hon. Cato Sells, Commissioner of Indian Affairs, in an address at a banquet held in his honor at the Mission Inn today by the Chamber of Commerce.

"The health campaign of the department," said Mr. Sells, "has been so effective that there are more Indians now than there were five years ago. We hope to see them increase in the future in the same proportion as the white race."

"The government spent \$500,000 on hospitals for the Indian race last year. The day of the medicine man is passing, and wherever his influence can be shown off the progress of the Indian is more marked."

EDUCATING CHILDREN.  
"For the education of the Indian there are now thirty-four non-reservation schools, six of the same size as Sherman Institute in this city, and over 150 day schools on the reservations. It used to take a police force to mope the Indian children attend

school. Now we should need police to keep them out of school. There are 60,000 children under the great educational system.

"We are transforming the Indian from a nomad to a farmer. In one reservation the area farmed has increased from 2500 acres to 15,000 acres. On another the profit from the herds of cattle last year was \$200,000. The Indian is coming to be a producer. In ten years he will be self-supporting."

CURSE OF LIQUOR.  
"The worst obstacle in the way of the development of the Indian race is the liquor curse. When I became commissioner I sent out orders to our 6000 agencies, urging them to check the evil. By the revival of the old treaties and the use of other weapons we have done much to check this evil. Without a dissenting word, Congress has just given us \$50,000 more for the suppression of the liquor traffic."

"I hope in the future to see the Indian walking side by side with the white brother as a good citizen and a powerful factor in our civilization."

## BLACKBOARD TOTALS.

A blackboard with lines and figures was brought into court showing the misappropriation of funds of the bank and of money of various estates by Barber amounted to \$75,000.

In his argument Adam Thompson, attorney for Barber, made a bitter arraignment of President M. T. Gilmore, Vice-President J. W. Sifton, Jr., and other officials of the San Diego Savings Bank whom he said were equally culpable with Barber.

He said the check drawn from the Parker account was to pay personal overdrafts of Barber of which the bank president was aware for more than a month. None of Barber's transactions were secret, he said, but were known to the bank officials where he had worked for more than twenty years.

The case went to the jury this afternoon instead of dragging through the week as expected. If not convicted on this count Barber will be tried on three other charges of embezzlement.

Tonight the jury of one woman and eleven men will have gone to bed for the night.

PERMANENT PARK.  
Preliminary plans were made today for an organization of the Panama-California International Exposition permanent. Representatives of the Chamber of Commerce, the Cabrillo Club, the Women's Federation of Clubs, the Exposition and several commercial organizations met today and made the plans for a big meeting August 3, when representatives of civic and commercial bodies and the various plans that have been suggested.

Among the suggestions offered are the establishment of a club at the exposition where the city offices could be housed, the establishment of a government agricultural experimental station, or of a military and naval academy. Many plans have been suggested. The city officials are agreed that the exposition must be made permanent.

## "TIMES" TRIBUTE TO HARRY CARR.

NOTED JOURNALIST IS GUEST OF HONOR AT BANQUET.

Department Heads of this Journal join in Celebration of Return of Harry Carr, Staff Correspondent who has just returned from the battlefronts of Europe and America.

Twenty-two of the department heads of The Times joined last evening in a notable tribute to Harry Carr, staff correspondent who has just returned from the battlefronts of Europe and America. The affair took the form of an elaborate banquet at the Clark, Mr. Carr being the guest of honor and principal speaker.

Mr. Carr gave in his own inimitable style a style which has endeared him to tens of thousands of readers of The Times—an intimate, first-hand account of some of his published and unpublished experiences in Europe. In the latter category was a remarkable description of a Zeppelin raid upon London, personally witnessed by Carr.

The journalist made humorous reference to the spy system everywhere prevalent in the war-torn countries, declaring that all the acquaintances which he made in his tour of Europe the spies were his best and most useful friends.

Gen. Harrison Gray Otis, editor and general manager of The Times, introduced Mr. Carr with a few graceful remarks, touching upon the service which Mr. Carr has rendered to his journal and to the public by his work as a war correspondent.

Among the other speakers were Harry Chandler, assistant general manager of The Times-Mirror Company; Harry Andrews, managing editor of The Times; E. N. Martin, Jacob Baum and E. W. Gale, Jr.

To the manifest regret of all present the ladies of the phalanx were not present, but sent a felicitously worded tribute to the guest of honor which was read by the toastmaster.

The large table was tastefully decorated in ferns and asparagus plumes with a centerpiece in the form of a gigantic car done in red and white carvings and bearing the legend in white letters on purple silk, "A Successful—Car being understood. At either end were large candelabra of colored balloons, with the general scheme.

A semi-vaudiville and musical entertainment was supplied during the repeat by Agnes Burr, comedienne and singer of the Western States Vaudeville Circuit; Georgia Howard, the terpsichorean violinist of Jahke's Cafe; Little Jerry, baritone of the Bert Levy Vaudeville Circuit; Mitze Lee, soprano, and Mrs. Raymond Stargard, accompanist; Betty Nathan, entertainer of the Portola Cafe; Howard Patrick, accompanist.

HERE FROM SUMATRA.

Mining Man Expected to Spend Month Motoring Through Southland.

Intent upon obtaining a real rest after several months of labor, P. J. Janzen, general superintendent of the Silmar Mining Company of California, arrived at the Alexandria yesterday afternoon, accompanied by Mrs. Janzen. The mining man, who has been in the Southland since last week, is expected to return to Sumatra in the fall.

Business Briefs.

I tried not to obey her command, but she was insistent and refused to leave until I promised to give myself up. I wanted to die, but she would not let me, saying I must live out my time and not offend further. Now I am contented, even if I pay the death penalty."

## QUESTIONS TOO MUCH FOR 'EM.

Experts Admit Ignorance When Examined.

Counsel for Alleged Murderer Floors Officials.

Burly Negro Patrolman Put on Trial for His Life.

The absolute need of experts in the police department positively to identify powder and other marks on the human body in murder and other cases was never more apparent than yesterday in the trial of Samuel Lewis, a negro patrolman, accused of the murder of his wife.

Members of the department, including the experts of the identification bureau, were placed on the stand, and under the withering cross-examination of Attorney Frank Dominguez admitted they knew little or nothing about wounds, contusions, abrasions and other marks, as shown on the body of Mrs. Lewis at the time of the coroner's inquest.

These witnesses, introduced by Deputy District Attorney Doran, were

expected to elicit testimony to the effect that the wounds could not have been self-inflicted in a scuffle, as related by the burly officer. Autopsy Surgeon Wagner of the coroner's office gave evidence along this line. He testified that the large-caliber revolver could not possibly have been twisted in the hands of the woman so that the wounds on her body could have been self-inflicted.

These were the only witnesses of the day, the greater portion of which was given over to the selection of a jury.

Lewis is alleged to have murdered his wife at her home, No. 625 East Eighth street, February 24. Prior to that time, she had complained on a number of occasions to the District Attorney's office of brutal treatment by her husband, and when instructed to file a divorce action mentioned in her plea for separation a number of occasions when Lewis threatened her with death and beat her.

When the preliminary hearing was held Justice of the Peace Brown decided there was not sufficient evidence on which to hold the man and the county grand jury took up the case, indicting Lewis and causing his arrest.

According to his attorneys, Dominguez, Willis & Pitts, Lewis endeavored to prevent his wife from shooting him and in the scuffle she was accidentally killed. Owing to the presence of Attorney Willis in the case Judge Willis turned over his bench to Judge Eugene P. McDonald of Yuba county. The case will continue today.

## ORDINANCE ATTACKED.

Habeas Corpus Proceedings Taken to Mean Fight Against the Law Prohibiting Adulteration of Petrol—City Warning on Sale of Fakes.

Habeas corpus proceedings brought by W. H. Antram to effect his release from jail on the ground that he is unlawfully imprisoned have back of them, it is said, an attack on the ordinance prohibiting the adulteration of gasoline. Also involved in the effort of the City Oil Bureau to drive out the sale of alleged faked mixtures which are alleged to increase the efficiency of gasoline.

Mr. Antram was arrested May 17 on a charge of violating section 11 of the ordinance prohibiting adulteration. Charles Blackmar, chief of the City Oil Bureau, who is back of the prosecution, asserts the chemical sold by Mr. Antram is nothing more than eastern paraffin distillate. He says the city is going after all fake preparations offered on the market for increasing mileage.

Mr. Antram says his chemical is doing all that he claims for it and that its sale does not violate the section of the ordinance prohibiting adulteration.

BOND IS REDUCED. Cattlemen, Accused of Molesting Girl, Gets Back Much Cash. John Parker, wealthy cattle dealer, who started officers at the City Jail Saturday night by producing \$2000 in cash for his bail after being arrested on a statutory charge, was arraigned before Justice Hinchey yesterday. It is alleged he molested Thelma Kline, a 15-year-old girl, who resides with her parents at No. 925 Stanford street. His preliminary hearing was set for Saturday morning and on the request of his attorney the bond was reduced to \$1000. The brother of former Councilman Snowden qualified for this.

SEEKS A PASSPORT. Rev. William A. Shedd, who has been for many years a missionary at Drums, Persia, applied to the Federal Court yesterday for an order for a passport to return to the Far East. Dr. Shedd, who is a brother-in-law of Superior Judge Wilbur, expects to sail from New York, August 17.

pany of Los Angeles, through its manager, John W. Wrenn, yesterday filed with the State Railroad Commission a list of rates it proposes to install that are unique in the history of rate-making in this State. According to Mr. Wrenn, this is the first time in history that a large gas company has endeavored to put into effect a sliding scale of rates at such a low figure, and the result, he believes, will mean much to industries of the Southwest.

Heretofore the company has been charging a flat rate of 64 1/2 cents per 1000 cubic feet in class A, or the gas used by the "higher class." This class includes hotels, lodgings, houses, restaurants and other places where gas is an absolute necessity as a fuel. But even this rate is said to be 24 cents less per 1000 cubic feet than the rates charged by other companies.

SCHEDULE IN DETAIL. The volumetric and classified scale of rates, as included in the petition now before the Railroad Commission, is as follows:

CLASS A. So-called "higher uses," this class having preference over all others. It includes hotels, restaurants, etc., where gas is used continuously—"first class" 3000 cubic feet, 64 1/2 cents per 1000 cubic feet; next 1000 cubic feet, 60 cents per 1000 cubic feet; next 1000 cubic feet, 55 cents per 1000 cubic feet; all over 20,000 cubic feet, 50 cents per 1000 cubic feet. Minimum monthly bill, \$6 cents.

CLASS B. House heating, water heating, steam and power generation—Any quantity, 40 cents per 1000 cubic feet. Minimum monthly bill, \$5.

CLASS C. Industrial, including steam and power generation—Any quantity, 30 cents per 1000 cubic feet. Minimum monthly bill, \$3.

CLASS D. Commercial, consisting of bonafide manufacturers of wholesale products, including steam and power generation—Any quantity, 25 cents per 1000 cubic feet. Minimum monthly bill, \$1.15.

CLASS E. Industrial, including steam and power generation—Any quantity, 25 cents per 1000 cubic feet. Minimum monthly bill, \$1.15.

CLASS F. Industrial, consumers to provide own storage and draw gas from mains between hours of 10 p.m. and 8 a.m.—Any quantity, 20 cents per 1000 cubic feet. Minimum monthly bill, \$1.00.

Classes B, C, D, E and F are all subject to the so-called "shut-off" rule, in which the gas is cut off at the end of the month if the company is unable to serve full gas requirements of all classes, class A is to have a preferential right to service, and the other classes to thereafter have similar preference in their alphabetical order.

Classes B, C, D, E and F are to advance funds to cover the cost of meter and governor installations, which advances are to be refunded by the company in monthly payments amounting to 10 per cent. of bills for gas used through said meters for the current month.

OFFICIAL STATEMENT. President Lane of the Municipal Public Utilities Board yesterday issued a statement relative to special rate schedules, saying both the Los Angeles Gas and Electric Corporation and the Economic Gas Company have failed to live up to the strict interpretation of the law against concessions of any nature. He stated the Los Angeles Gas and Electric made concessions for the purpose of increasing gas sales, and the Economic company for experimental purposes.

## OFFICIAL CHECK ON MILK SUPPLY.

At the City Hall.

HEALTH DEPARTMENT SCORING LOCAL DAIRIES.

Commissioner Powers Proposes to Issue a Report on Quality of the Product Furnished as Graded According to the United States Standards.

Results of a thorough check on the milk supply of Los Angeles, as shown by a scoring campaign of four months conducted by the health department, will be announced within a few days, according to Health Commissioner Powers. As a final check on the work of the health department, Dr. Powers said yesterday, samples of milk will be collected from every dairy of over five cows that sells milk in the city and these samples will be analyzed by experts of the University of California and the State Dairy Bureau.

These samples will be averaged with all other samples collected by the health department during the last four months, and each dairyman's milk will be rated on a score card adopted by the Dairy Division of the United States Bureau of Animal Industry. This score card allows a perfect score of 100 points on the following basis:

Thirty-five points are for bacterial count; 25 points for flavor and odor; 10 points for absence of sediment; 10 points for butter fat; 10 points for solids not fat; 5 points for acidity; and 5 points for appearance of packages.

"This is a new system for setting the standard of dairies before the general public," said Dr. Powers yesterday. "Four classes of milk will be recognized, as 'certified,' 'special,' 'pasteurized' and 'raw.' When these score cards are completed, the dairymen supplying Los Angeles will be listed according to their classes and standing and the lists given to the public through the newspapers."

**CUT IN SALARIES.**

TEAMSTERS WANT ACTION.

The Teamsters' Benevolent Association, made up of teamsters and laborers of the city engineering department, addressed the City Council yesterday in a letter which suggested that the time has arrived when the salaries of all city officials should be reduced, instead of reducing the appropriation for the street department.

The letter says the Budget Committee of the Council has been "forced" to reduce the salaries of city officials. It says that the teamsters' union is not satisfied with the reduction and that they are "holding the duty to the taxpayers." The letter went to the Council Budget Committee.

**OLD-AGE PENSIONS.**

UTOPIAN PLAN SUGGESTED.

Old-age pensions for all needy residents of Los Angeles over 65 years of age and all parents who cannot provide the necessities of life for their children, and for younger people "in dire need through various circumstances," are proposed by Mrs. J. M. Roberts of No. 3715 York boulevard, who outlined her plan to the City Council yesterday.

The simple expedient of firing efficiency Director Burke and doing away with the municipal charities department, including the free employment bureau, is offered by Mrs. Roberts as a means of raising the money for these pensions. The salaries she said, she would pay 133 pensions. No cost of administration of the old-age pension bureau will be necessary, according to Mrs. Roberts, who signs the pension plan.

**To Relieve Congestion.**

The report of the Municipal League's City Plan Committee, suggesting that curbs be trimmed at certain corners in the congested district and also that street railway tracks be changed so that cars may pass on the curves, was received by the City Council yesterday and referred to the Public Safety Committee.

**Authority.**

**ON CITY GOVERNMENT.**

President of President Garfield will be Principal Speaker at Municipal League Dinner—Others will Discuss Local Affairs.

President Harry A. Garfield of Williams College will be the guest of honor at the regular monthly dinner of the Municipal League next Thursday evening at Christopher's, No. 741 South Broadway. Mr. Garfield will speak on "The Defects in American City Government." Four other speakers will each give twelve-minute talks on different points of view on the general subject in Los Angeles. These speakers include Dr. Norman Bridge, Paul Shoup and others.

Mr. Garfield is a son of President Garfield. He was one of the organizers and for several years president of the Municipal Association of Cleveland, one of the first civic organizations of the kind in the United States. Five years ago he was made president of Williams College.

## THREATENS TO JAIL TALKATIVE WOMAN.

At the Courthouse.

COURT DISCOVERS SOURCE OF TROUBLE AT HOME.

Mrs. Annie Kull Just Can't Help Informing His Honor of Her Husband's Want of Veracity and Strikes a Responsive Chord in Feminine Spectators.

The meeting of Mrs. Annie Kull and her husband, E. C. Kull, yesterday morning was like an evening at home. Mrs. Kull, who was in a highly nervous state, talked so pointedly to her husband that Judge Wood, at first complaining, told her he would turn her over to Bailiff Kull, who would send her to jail if she did not stop.

Mrs. Kull subsided with a sharp intake of the breath. Her husband, who had been sitting in the courtroom, did not talk and could look daggers at Mr. Kull.

"If I talk that much at home it is no wonder you have trouble," Judge Wood admonished her. Mr. Kull, quite glumly, accepted the judge's declaration, and Mrs. Kull promptly retorted:

"He lies all the time, Your Honor."

Whether the remark amused them or they had had similar experiences, women among the spectators laughed, a sort of a joyous titter. But the outbreak put the lid on Mrs. Kull's lips for the court called the bailiff and told Mrs. Kull he meant what he said.

The couple were previously in court, Mrs. Kull seeking a decree on her complaint and Mr. Kull on his cross-complaint. Judge Cabanis denied both. Subsequently Mrs. Kull filed a new suit, charging her husband with misconduct, based on alleged evidence obtained in a sensational raid of a rooming-house with Mrs. Kull leading the officers.

Mr. Kull was ordered by Judge Wood yesterday to pay his wife \$30 a month for support and maintenance from disposing of his personal property.

**SAVES TRIAL.**

**OWNS TO BIGAMY.**

A trial for Jack Zacharia, recently arrested on a charge of bigamy, was not necessary. When he appeared yesterday morning before Judge Craig he pleaded guilty and asked for probation. The court granted permission to file an application August 1.

Zacharia explained to the court that he had never really loved his wife and that after paying for the upbringing of his family he left his home in Kansas City to come west. He said he had been a boyhood sweetheart, Miss Nellie Getchell, and on arrival in Los Angeles he met a woman named Mrs. Mason, who lived at Watts and lived happily, until one day he met his first wife.

She had come here to reside, also, and her home was at No. 1324 West Washington street. He said he learned of her husband's presence and his remarriage she swore to the court for his arrest on the bigamy charge.

**PLAYS IN LUCK.**

**COURT DIDN'T HEAR.**

"I would like to tell him he is a liar," Isaac Harris is alleged to have said yesterday in Judge Wood's court while Attorney Isaac Pacht was on the stand. Mr. Harris, who was called by Judge Wood to do his duty, but Attorney Cooper did not hear him, but Attorney Cooper did, and called the court's attention to the fact that Mr. Harris was promptly asked to leave the courtroom.

Mr. Harris was before the court on an order to show cause why he had not complied with an order of Judge Monroe to turn his furniture over to his wife. He told Judge Wood that his furniture had been taken and sold and that the date on the bill of sale had been antedated. It was while Attorney Pacht was testifying as to the bill of sale that Mr. Harris expressed his mind.

**NO CONTEMPT.**

**UPON WATER.**

A water rights question which Judge Hutton determined April 16, 1912, concerning the use of the stream in Garden Grove Canyon, got back into Judge Wood's court yesterday. Walter Collins, in an affidavit, charged Bertram Gardner with diverting the waters of the canyon in excess of the quantity allowed and claimed he was in contempt of court.

Mr. Collins and his sons testified, and when their evidence was in, Judge Wood held that he could not sustain the contempt charge and gave judgment for the defendant.

## CONVINCING AT ILLEGALITIES?

Supervisor Norton Opposed to Third Matron.

Long Hours Affect Health of Present Officials.

Club Women Demand that the Law be Met.

One of the largest delegations of clubwomen ever to appear before the Board of Supervisors inquired of Supervisor Norton yesterday why he refused to place a third matron at the County Jail, where the woman's eight-hour labor law is admittedly being violated because of her stubborn resistance to such an action.

The third matron was applied for months ago by Sheriff Clegg. The opposition of Mr. Norton to the Sheriff because of political differences has long been known and it was not expected the request would be immediately granted. When the Sheriff called attention to the violation of the law, Supervisor Norton petition signed by his course. A petition signed by his course. A petition signed by his course.

**PREFERS FATHER'S TO MOTHER'S LOVE.**

**CHILD DECIDES WHEN COURT HOLDS BACK.**

Young Daughter of Wealthy Pasadena Couple Innocently Creates a Pathetic Scene by Display of Preference Between the Parents, Suing for Divorce.

Little Helen Mason made a choice between her parents yesterday. She rejected her mother and went happily to her father, in Judge Wood's courtroom, after the judge had talked to her in his chambers.

Helen is 12 years old. She is the daughter of William C. and Lida E. Mason. Mr. Mason is a wealthy resident of Pasadena, having had a large interest in the Tom Reed gold mine. Mrs. Mason is suing for divorce on the ground of cruelty. It was apparent that Helen is the bright star around which will revolve the circumstances of the case. The mother made a plea yesterday for the custody of Helen, pending the trial. Attorney L. W. Fenton, counsel for Mr. Mason, stated his client had no charges against Mrs. Mason, but he said the child has a mature mind for one of 12 years old and objects to a companion of her mother's.

"I have the companion suggested by my husband," Mrs. Mason replied. "If Helen were placed with her mother she would run away."

"Until a year ago," said Mrs. Mason, "we were near together. From what I have seen of her since it is apparent that she acquired ideas of her father."

Mr. Jutten suggested that the court talk to Helen in his chambers. There was five minutes of expectation, when Helen came running out, threw her arms around her mother and kissed her. Mrs. Mason re-entered the court in time to see this affecting demonstration. The trial adjourned for the night.

Mr. Mason said he had no objection, but he added "I will be obliged to force her to go."

Mr. Jutten said he would see your mother twice a week, won't you?" "Do I have to?" queried the child. "Don't you want to come and see me, Helen?" pleaded Mrs. Mason, and her lips quivered as she awaited the reply.

No reply came. The child stood mute. Mr. Mason, pending the trial, will pay his wife \$175 a month for her support.

**JURY IS FIRM.**

Only Death Could Change Contrary Opinions, Court is Told—New Trial of Alleged Stolen Goods Case the Probable Result.

"Not until somebody dies," answered one of the jurors in the George Pratt trial, to Judge McDaniels yesterday, when the court had ascertained that after six hours deliberation, the jury still stood one, and asked whether it would not be possible to swing this person into the case.

The case closed yesterday morning, after Mr. Pratt and her husband had been indicted for the same offense of accepting stolen goods. In the middle of the trial, attorneys Schenck and Gardner introduced a number of character witnesses, who testified to the probability of the defendant.

## WEALTHY BEACH MAN ACCUSED.

False Pretenses in a Stock Sale, Woman's Charge.

Posed as Owner of a Great Fortune, She Says.

Defendant is Free on Heavy Bond; Hearing Set.

Accused of having obtained money under false pretenses in a sale of stock, A. M. Goodhue, a Long Beach resident of prominence, was arrested yesterday morning by Constable Thomas and taken before Justice Hineshaw for arraignment.

The complaint in the action is Mrs. Virginia Cronk. According to the allegations in the papers filed Goodhue represented himself as the sole owner of the Ornamental Enamel Company of the beach city. This company he is said to have represented as having assets of \$24,000. A small working capital was needed and so he offered to sell, and did sell Mrs. Cronk twenty-five shares of the stock for \$1400. It is declared, which he said was much under the actual value.

He also stated he was rated by the principal commercial agencies at more than \$200,000, according to the allegations set forth. Of this amount, he is declared to have said, more than \$50,000 was in cash in the bank, and this he wanted to use in other enterprises.

Mrs. Cronk declares investigation showed Goodhue was not sole owner of the enamel works; that the stock was worth less than \$2000; that Goodhue had no property or cash worth \$200,000, but less than \$50,000, and that matters were grossly misrepresented to her.

Justice Hineshaw, after reading the complaint, fixed the preliminary hearing for Friday morning and the bail at \$1500, which was given.

## CALL HIM "KING."

State Pharmacy Board Inspector Arrests Chinese on Opium-smuggling Charge—Said to Conduct Extensive Illicit Business.

While the opium traffic is particularly fertile in its production of titles, such as "Queen," "Prince" and "Marquis of Morphia," yesterday the man who is known along the coast as the "Opium King" was arrested before on the same charge of the nation. He is about 45 years old.

His title rests on the supposition that he has between \$20,000 and \$40,000 invested in an importing business of questionable character, and all smokers of opium are said by the police to refer to the mysterious "king."

He was arrested at No. 3154 Marchessault street under his real name, Tom Hong. Inspector Boden reported to the police that Tom had been arrested before on the same charge, and that his dealings were notorious among the opium smokers of the nation. He is about 45 years old.

Tom was released on \$250 bond by Inspector Boden. He will be arraigned in Police Court today.

**IS HELD TO ANSWER.**

Man of Many Aliases is Charged with Impersonating Officer.

Secret Service Agent Hazen of the United States Treasury Department received information from San Antonio, Tex., yesterday, that Wilbur Hildout, with so half-dozen aliases, had been bound over, in the sum of \$2000, to await the action of the Federal grand jury for impersonating a United States officer.

It is alleged that Hildout collected quite a sum of money from ignorant people, on his agreement to get them a position in the army. Nothing has developed so far that would warrant the young man's prosecution in this jurisdiction.

**CLUB WOMEN INSBIST.**

The club women were so insistent in their demand for these explanations that it was finally agreed to leave the decision largely with the county counsel, who is to decide whether or not the county is violating the eight-hour law. His opinion is to be rendered next Monday morning.

Among the women present were Mrs. E. K. Foster, chairman of the Public Welfare Committee of the Friday Morning Club, who acted as spokesman; Mrs. Harriet E. Warren of the Parent-Teachers' Association, Mrs. M. B. McKee of the Woman's City Club; Hester T. Griffith, State president of the W.C.T.U.; Mrs. Alice M. Sockler of the Outlook Association; Mrs. T. S. Harrison of the Women's Fellowship; and Mrs. Katherine Bainbridge, representing the Christian Science Church.

Bar British Ships, Cry in Gotham.

to Close the American Ports Asked by Firms on the Blacklist.

Democratic Interference with Our Trade is Laid Before the President.

NEW YORK BUREAU OF THE TIMES, July 25.—American firms, individuals and corporations blacklisted by England will tomorrow ask President Wilson to close the American ports to all British ships and refuse to permit American subjects to transact business with British subjects until such time as the blacklist is withdrawn.

This course was decided on today by a committee of the Association of American Exporters, as the blacklisted firms have united to fight the blacklist. The committee's action was agreed upon today at a meeting of a committee appointed by the Association of American Exporters, which met last Friday's meeting of the committee.

The committee, meeting in Mr. Wilson's office, organized by the Association of American Exporters, as chairman, Edward C. Hughes, Jr., of New York, and Daniel W. Blumenthal, of New York, bankers, and chairman of the committee, and chairman of the committee, and chairman of the committee.
